

mPass: one more effort to reach 1000 card-holders!

The **mPass** for 2019 has been launched. Registration deadline: September 30th.

mPass enables you to use all means of Luxembourgish public transport which are coordinated by the [Verkiersverbond](#).

The price of **mPass** is calculated by reference to the annual season-ticket [Joeresabo](#) (€ 440 minus a 3% VAT).

On this price, Luxembourg offers a 20% discount, while recommending to companies / administrations to give their employees an additional discount of at least 20%.

The Court of Justice contributes an additional 20% discount, thus complying with this recommendation which **EPSU CJ** brought to its attention.

This is how the Court of Justice worked out the price of **mPass** at € 256.31.

To encourage the use of public transport, **EPSU CJ** subsidizes its members with [an additional amount of € 50](#).

An increase in the number of public transport users is in line with the institutions' [EMAS](#) environmental policy.

To compare how much the main fares for annual (purely Luxembourg) season-tickets cost to you, click [here](#).

Cross-the-border commuters

For all three bordering countries, commuters can combine their **mPass** with a supplement called **Flex Pass**.

1. For the **railway**, look up in:

D Deutschland
[Flex Pass für Luxemburg](#)

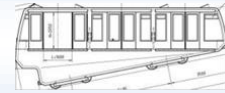

F France
[Flex Pass SNCF](#)

B Belgique
[Flex Pass Belgian Rail](#)

2. For (3-digit) RGTR buses:

An [mPass Annual Supplement 'FlexPass Regio'](#), covering the part of the journey which falls outside the limits of the (Luxembourg) national fare, is henceforth available. To get it, you must have applied previously to your institution for an **mPass**.

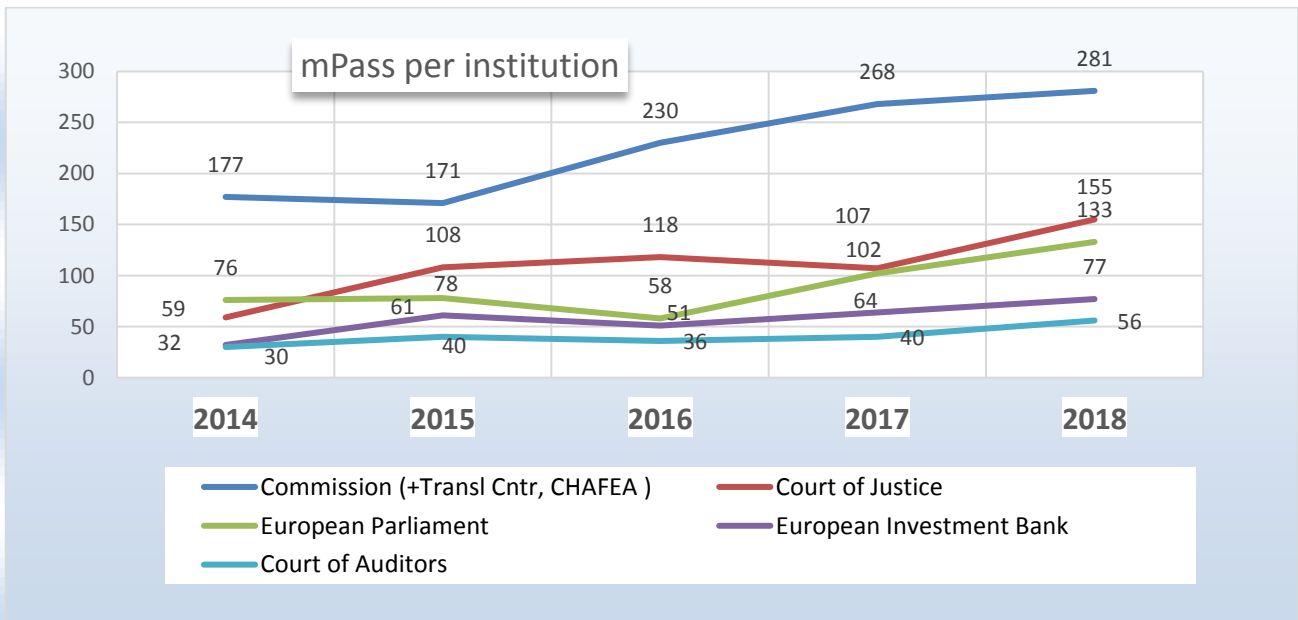

The [train-stop under the Red Bridge, combined with a funicular](#) and the gradual extension of the [tram](#) are increasing the usefulness and attractiveness of public transport.

To check the geographical limits of the area to which national (Luxembourg) fare applies, click [here](#).

In 2018, the number of **mPass** card-holders in the EU Institutions reached **702**.

Since the EU-institutions joined the [mPass](#) scheme, the number of card-holders is in increase:

If it crosses the threshold of 1000, the [Verkéiersverbond](#) will increase its discount from 20% to 30%.

Strengthening your workplace's trade union is your first step in standing up for your rights and those of every worker. At the same time, you become part of an all-European and global trade-union community
